Congratulations are in Order

Congratulations to Peaches, a 3 year old Yorkshire Terrier, who just won the prestigious Americas Top Dog Model 2015 award. Peaches resides in Villaggio in Lake Worth along with her human family, Claire and Bob Spielman, and keeps a very busy schedule. She is a certified pet therapy dog for Share-A-Pet and gets to visit children at St. Mary's Children's Hospital and homeless shelters. Her job is simple ... make them SMILE! She also loves to visit patients in nursing homes.

Peaches did her basic training at Petsmart and then, after several months of additional training, she was certified for therapy training with the Share A Pet organization, based out of Fort Lauderdale.

Winning the America's Top Dog Model award has brought her many new modeling opportunities and numerous write ups in magazines like Pet International News. She has also been invited to appear at many charity events supporting local dog rescue organizations.

To follow Peaches' schedule, you can visit her own Facebook page: Yorkie Peachy Girl. She would love it if you stop by and PAW her "Like" button. You can also email her parents for more information at retiredcs3@yahoo.com.
